# SOCIAL ACTION

**SUPPORTS OUR MaST COMMUNITY**

## Students & Families are the core of our community

One of the wonderful things that sets us apart from others, is our community. Communities give opportunity for enhanced growth because the support and care offered, strengthens all involved. Our community is rich with support because of you. There are families within our community who may go through a hard time and struggle to meet basic needs. The Social Action Support is reaching out to allow for funds and items to be available to families of the MaST Community, when they are in need. To participate, just bring in a bag labeled for Social Action Support, and it will be stored for anonymous use, for a MaST Family in need. Families in need, and families interested in donating, may contact Mrs. Warner-McIntyre at (267) 348-1100, ext-243 or at [twarnermcintyre@mastccs.org](mailto:twarnermcintyre@mastccs.org) with subject heading "Social Action"
