Extracurricular Pick Up Procedures

- **When arriving to pick up your child(ren), park in a parking spot.** During after school hours, you may park in any available parking spot (including all levels of the parking garage). Do not wait in your car in the driveway or fire lane in front of the building.
- **If the child is in grades K-8,** the parent/guardian must go into the front lobby to pick up the student.
- **If the child is in grades 9-12,** the parent/guardian must still park in a parking spot, but students can be dismissed to the parent's/guardian's car without the need of coming into the building.
