Dear High School Parents and Students,

We have enjoyed a successful first semester of the 2019/2020 school year, and with the holiday break also comes the realization that winter Keystone Exams are right around the corner! Our students and teachers have put forth great effort and have diligently prepared for these exams. We are very thankful for such hard working students who year after year display mastery and excellence on the state exams.

Winter Keystone dates are January 7 to 14, with make up dates on January 15 and 16. All students who are not taking Keystone Exams on each day will follow their regular daily schedule. Students missing class for the exams will need to work with their teachers to ensure they have a plan to fulfill all their class requirements for the in-class time they miss.

Test	Dates
Literature	January 7 & 8
Algebra 1	January 9 & 10
Biology	January 13 & 14

If you have questions about the upcoming tests, please direct them to ggellert@mastccs.org. We look forward to great results from our winter testers! Best of luck to all our testers!

Sincerely,

Grant Gellert
9-12 Building Leader
