Dear MaST Schools Families,

First and most importantly, thank you for cooperating and being supportive in our efforts to adjust and provide an educational platform with resources and options for learning. Our teams have been working at all levels to provide and adapt opportunities based on feedback from staff, students, and families.

Please see below for some updates on the school calendar, class events, and school questions that have been asked.

MaST Schools Updates

- **All MaST Schools will be closed until further notice.** We will continue to monitor the development of information around COVID-19 as it is updated at the City of Philadelphia and Pennsylvania levels.
- All Trips (Class Trips, Europe Trip, Disney Trip) will be canceled. We understand that some of these events could be rescheduled but because of closures, deposits, and reservations, we had to cancel them in advance.
- The Byberry dates have been canceled for all SAT testing. As we announced this past week, all state assessments have been canceled for PA schools.
- With information changing so quickly, we cannot predict the status of the allowability of large group events in the coming months. We want to keep the following scheduled events with the option to reschedule if needed:
 - There have been no changes to the Prom at this time. We know how important this is to our kids and we will do our best to offer something in the event that we have to cancel the initial date.
 - There have been no changes to High School Graduation, 8th-grade move-up day, and Kindergarten Graduation at this time.

Academics

During this time, teachers are planning activities and lessons that students previously learned during this school year. These lessons are meant to be a review and designed to strengthen students' academic skills. The expectation is that all MaST students will complete at least 2 hours of work per day from home. MaST will continue to update resources for students, parents, and teachers on the following website <https://virtualllearning.mastccs.org>. For general academic questions, please contact your child's teacher. For any specific technology or Virtual Learning questions, please email virtualllearning@mastccs.org.

Our school community realizes that this is a time of many unknowns, but we have to focus and keep positive as we all work through this difficult situation. Thank you all for your support, and we will keep you posted as things progress.

Thank you,

John F. Swoyer III
Chief Executive Officer
